ADDITIONAL INFORMATION

This field derives a publication category for records in the DLHE collection, based on the characteristics of the associated instance submitted in the Student record.

This field is created in both the Student and DLHE records, using the XPDLHE02 derived field created for the record in question.

The publication category includes those who are UK or EU domiciled and are:
(1) an undergraduate or postgraduate (taught) instance, or,
(2) a postgraduate (research) level but the qualification was not obtained from dormant mode.

DEPENDENT FIELDS

None.
