ADDITIONAL INFORMATION

This derived field is created in the AP student record (Cyy054). It uses the MODE field on the rolled-up Instance_End analysis table.

Full-time students include all students studying full-time (for more than or equal to 24 weeks in the academic year).

Part-time includes those studying part-time, during the evenings only, or full-time for less than 24 weeks in the academic year.

Students who have suspended study will have this information reflected in the Instance_End.NOTACT field. The MODE field, and this derived field, reflect the study mode rather than the status of engagement.
